EARLY DISCLOSURE**

**IMPORTANT TERMS OF OUR HOME EQUITY LINE OF CREDIT PLAN (TN)**

This disclosure contains important information about our Home Equity Line of Credit Plan. You should read it carefully and keep a copy for your records.

**AVAILABILITY OF TERMS:** All of the terms described below are subject to change. If these terms change (other than the annual percentage rate) and you decide, as a result, not to enter into an agreement with us, you are entitled to a refund of any fees that you pay to us or anyone else in connection with your application.

**SECURITY INTEREST:** We will take a security interest in your home. You could lose your home if you do not meet the obligations in your agreement with us.

**POSSIBLE ACTIONS:** We can terminate your line, require you to pay us the entire outstanding balance in one payment, and charge you certain fees, if (1) you engage in fraud or material misrepresentation in connection with the plan; (2) you do not meet the repayment terms of this plan, or (3) your action or inaction adversely affects the collateral or our rights in the collateral.

We can refuse to make additional extensions of credit or reduce your credit limit if (1) any reasons mentioned above exist; (2) the value of the dwelling securing the line declines significantly below its appraised value for purposes of the line; (3) we reasonably believe that you will not be able to meet the repayment requirements due to a material change in your financial circumstances; (4) you are in default of a material obligation of the agreement; (5) government action prevents us from imposing the annual percentage rate provided for in the agreement; (6) the priority of our security interest is adversely affected by government action to the extent that the value of the security interest is less than 120 percent of the credit line; (7) a regulatory agency has notified us that continued advances would constitute an unsafe and unsound business practice, or (8) the maximum annual percentage rate is reached.

**MINIMUM PAYMENT REQUIREMENTS:** You can obtain credit advances for 10 years. This period is called the "draw period." At our option, we may renew or extend the draw period. During the draw period your monthly payment will equal the finance charges that accrued on the outstanding balance. In addition, you will be required to pay any amounts past due and any amount by which you have exceeded your credit limit and all other charges. After the draw period ends you will no longer be able to obtain credit advances. There is no repayment period after the draw period ends. The minimum payment will not reduce the principal that is outstanding on your plan. You will then be required to make a single balloon payment at the final payment date. Unless otherwise required by applicable law, we are under no obligation to refinance the balloon payment at that time. You may be required to make payments out of other assets you own or find a lender, which may be us, willing to lend you the money. If you refinance the balloon with us, you may have to pay some or all of the closing costs.

**MINIMUM PAYMENT EXAMPLE:** If you made only the minimum monthly payment and took no other credit advances it would take 10 years to pay off a credit advance of \$10,000 at an **ANNUAL PERCENTAGE RATE** of

7.0%. During that period, you would make 119 payments of \$53.70 to \$59.45 and a final balloon payment of \$10,059.45.

**FEES AND CHARGES:** You may pay certain fees to third parties if your line of credit is paid off and closed within the first two years. These fees generally total between \$400.00 and \$600.00. If you ask, we will provide you with an itemization of the fees you will have to pay to third parties.

**PROPERTY INSURANCE:** You must carry insurance on the property that secures this plan.

**REFUNDABILITY OF FEES:** If you decide not to enter into this plan within three days of receiving this disclosure and the home equity brochure, you are entitled to a refund of any fee you may have already paid.

**TAX DEDUCTIBILITY:** You should consult a tax advisor regarding the deductibility of interest and charges for the plan.

**VARIABLE RATE FEATURE:** This plan has a variable rate feature and the annual percentage rate (corresponding to the periodic rate) and the minimum payment may change as a result. The annual percentage rate includes only interest and no other costs.

The annual percentage rate is based on the value of an index. The index is the Prime Rate published in the *Wall Street Journal*. When a range of rates has been published, the highest rate is used. We will use the most recent index value available to us as of the 25th day of the month preceding the date of any annual percentage rate adjustment.

To determine the annual percentage rate that will apply to your account, we add a margin to the value of the index. If the rate is not already rounded we then round up to the next .25%. Ask us for the current index value, margin and annual percentage rate. After you open a plan, rate information will be provided on periodic statements that we send you.

**RATE CHANGES:** The annual percentage rate can change on the first day of the new billing cycle each month. There is no limit on the amount by which the annual percentage rate can change during any one year period. The maximum **ANNUAL PERCENTAGE RATE** that can apply is 18.0%. A floor **ANNUAL PERCENTAGE RATE** we have used recently is 7.0%. The floor rate that applies to your plan will be disclosed on the Addendum at closing.

**MAXIMUM RATE AND PAYMENT EXAMPLES:** If you had an outstanding balance of \$10,000, the minimum payment at the maximum **ANNUAL PERCENTAGE RATE** of 18.0% would be \$152.88. This annual percentage rate could be reached at the time of the 1<sup>st</sup> payment.

**VISA ACCESS:** Upon your request and our approval, we will issue a VISA credit card to access this home equity plan.

**HISTORICAL EXAMPLE:** The following table shows how the annual percentage rate and the minimum payments for a single \$10,000 credit advance would have changed based on changes in the index over the past 15 years. The index values are from the last business day of July of each year

While only one payment per year is shown, payments may have varied during each year. It does not necessarily indicate how the index or your payments will change in the future.

during each year. It does not necessarily indicate how the index or your payments will change in the future.

The table assumes that no additional credit advances were taken, that only the minimum payments were made, and that the rate remained constant
