## I CAN HELP WITH YOUR 401(k) OPTIONS

Changing jobs? What should you do with the 401(k) money you've accumulated? You may have up to four options (and may engage in a combination of these options): leave the money where it is, roll it over to your employer's new plan, roll it into an Individual Retirement Account (IRA), or cash it out.

I can help you explore these choices, and guide you through the necessary steps.
